

Program Information...

Youth Leadership Rutherford is a selective civic education and engagement initiative for high school juniors and seniors in Rutherford County. It is directed by the Leadership Rutherford Chair, Executive Director, and Business Education Partnership (BEP) Executive Director. YLR is currently a private, not-for-profit 501 (c) (3) organization, existing solely on tuition, private donations and fundraising activities.

The program began as a project of the 1993-1994 Leadership Rutherford Education Study Group to encourage youth leaders to remain in Rutherford County by informing students of local opportunities. It became an officially sponsored activity of Leadership Rutherford in June 1994. The first class began in 1995 and in 2006 the Rutherford County Board of Education approved YLR students receiving half a credit on their high school transcripts in Leadership Studies.

Program Objectives

- ◆ To enhance leadership skills and increase community awareness in high school students
- ◆ To provide students with a practical understanding of major challenges and opportunities facing Rutherford County
- ◆ To enhance the educational experience of future leaders in Rutherford County

...Program Content

Youth Leadership Rutherford consists of an orientation program in September, seven seminar days from October-April and graduation in May. Each day focuses on a major area of community concern and explores issues of leadership within the context of that subject. The goal of each day is to open the minds of participants to the viewpoints that surround each issue and enable young people to become more visionary leaders.

Students must attend the orientation program and all meetings to graduate. The time commitment is mandatory to achieve a complete education in each subject area and is not negotiable. Group projects, individual projects, journals and other assignments are also requirements for graduation.
